Submit Question: New Look

Old View:

New View:

To submit a new question, use the submit button located at the top left of the window.
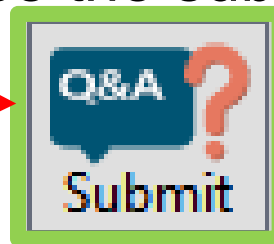

Submit Question: New Look

Once you select the submit button, the "submit question" window will appear (see below).

Submit Question   ✖

Subject   Sheet #

Question

*Required Field

[Submit] [Cancel]

Enter the subject, sheet # if appropriate, and question in the indicated fields. Select the "Submit" button once you are finished.

LADOTD Reply

DOTD will respond to all Questions and Follow-up Questions with a response of "*DOTD has received your question*." This answer will be emailed to the submitter, but **NOT** posted on the FALCON Q&A.

Any subsequent answer to the question will be emailed to the submitter. At this point, the question and answer **WILL** be posted on the FALCON Q&A.

Question and Answer: New Look

The question and answer will become visible once an answer to the question has been provided.

Note that hovering your mouse over an icon will reveal its function (see examples).
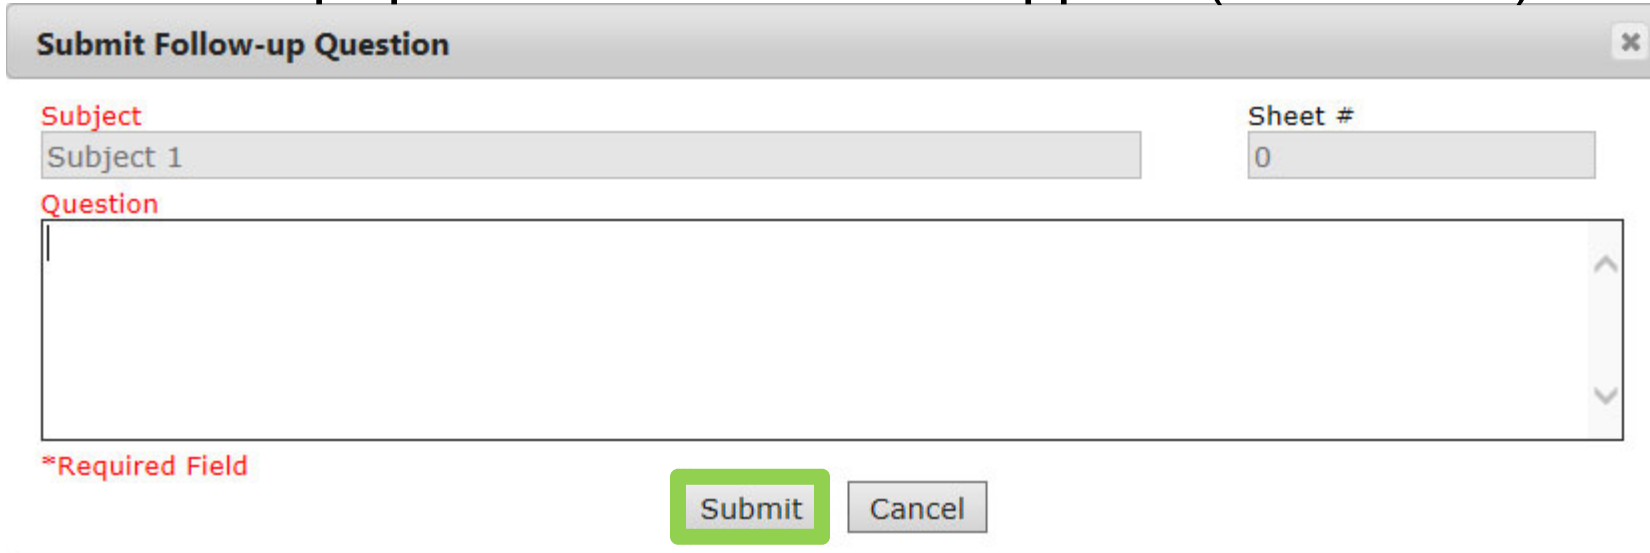

Follow-up Question

To ask a follow-up question, click the "submit follow-up question" button underneath the answer of the question you would like to follow-up with.

Submit Follow-up Question

- Once you click the "submit follow-up question" button, a "submit follow-up question" window will appear (see below).

- Enter the follow-up question in the indicated field then click the "Submit" button once you are finished.
- Note that the subject and sheet # will auto-fill with the relevant information since it is a follow-up question.

Follow-up Q/A

The follow-up question and follow-up answer will become visible once an answer to the follow-up question has been provided.

Ask a New Question

- To ask a new question, simply follow the same steps as before.
- All questions, answers, and follow-ups will appear underneath the question number it correlates to.
